Recognition to BRAOU Programmes

Dr. B.R. Ambedkar Open University (BRAOU) Hyderabad initially known as Andhra Pradesh Open University was established through an Act of A.P. State Legislature (APOU Act 1982).

It was inaugurated by the then President of India, Late Sri Giani Zail Singh on August 26, 1982. Subsequently, the University was renamed as "Dr. B.R. Ambedkar Open University" by the Government of Andhra Pradesh during Dr. B.R. Ambedkar Centenary Celebrations in the year 1991. The University Grants Commission (UGC) New Delhi also admitted this University for assistance under Section 12-B of the U.G.C. Act Vide UGC Letter no. F5-7/82 (CPP) Dt. 12-05-1986.

Further, the University has received recognition

A) For officering Programmes in Open and Distance Learning programmes and Online Programmes for the Academic year 2023-24 onwards (F. No. 1-1/2023 (DEB-I) Dt: 05-10-2023 as per Regulations 3(A) and regulation 3(B)(b) of UGC.

B) Permission to start M.Phil/Ph.D Programmes from 2017-18 (F.No.2-1/2017-DEB-III, Dt.21-3-2017)

The University is also a Member of the Association of Indian Universities, New Delhi; Asian Association of Open Universities, Association of Commonwealth Universities and International Council for Open and Distance Education.

BRAOU A STEP FORWARD IN THE DEVELOPMENT OF DIGITAL EDUCATION

- **Historic partnership agreement between BRAOU and the Commonwealth of Learning (COL) to Advance Digital Education**
- **Open University is a model in the field of digital education :Prof. Peter Scott**
- **This historic agreement is a major game-changer : Prof. Ghanta Chakrapani**

Prof. Peter Scott, President and CEO, COL; Prof. Ghanta Chakrapani, Vice-Chancellor, BRAOU and other officials signed and exchange MoU

BRAOU News, August 1, 2026 : Vancouver (Canada): Dr. B. R. Ambedkar Open University and Commonwealth of Learning (COL), Vancouver, Canada, entered into a landmark Partnership Agreement to strengthen collaboration in digital education, Artificial Intelligence, faculty development and technology-enabled learning on Thursday at Vancouver, Canada. The MoU was signed by Prof. Ghanta Chakrapani, Vice-Chancellor, BRAOU and Prof. Peter Scott, President and CEO, Commonwealth of Learning in the presence of Mr. Venkatesh Dhotre, IAS, Special Secretary, Department of Education, Government of Telangana.

Prof. Ghanta Chakrapani described the Partnership Agreement as a transformative initiative for BRAOU. “This collaboration brings cutting-edge global expertise, advanced digital technologies, Artificial Intelligence, and international best practices to BRAOU. It will significantly accelerate our journey towards becoming a globally recognised AI-enabled digital university. The partnership will strengthen our world-class digital ecosystem and enable us to provide high-quality, accessible, and affordable higher education to learners at scale. The Agreement also provides for the joint development of Open Educational Resources, scholarly publications, research studies, international mentorship programmes, expert consultations, peer-learning networks, and Joint Expert Teams to oversee the implementation of each work stream through structured Joint Contribution Agreements. The Partnership Agreement represents a major milestone in BRAOU's internationalization, digital transformation journey. It reinforces the University's commitment to innovation, technology-enabled learning, and global collaboration, while strengthening its vision of becoming a world-class Digital Open University serving learners across Telangana, India, and the Commonwealth.

Prof. Peter Scott, President and CEO, Commonwealth of Learning, highly appreciated the visionary leadership of Prof. Ghanta Chakrapani in transforming BRAOU into a digitally empowered Open University. He lauded the University's remarkable initiatives in building a comprehensive digital ecosystem and observed that BRAOU is emerging as a digital hub for the future of higher education. He expressed confidence that the Partnership Agreement would further strengthen BRAOU's capacity to become an international model

Prof. Ghanta Chakrapani, Vice Chancellor, BRAOU; Prof. Peter Scott, President and CEO, COL; Mr. Venkatesh Dhotre, IAS, Special Secretary for Higher Education, Government of Telangana; Prof. M. Kumar, Vice Chancellor, Osmania University also seen at Vancouver, Canada

for AI-enabled Open, Distance, and Digital Learning and would contribute significantly to expanding quality higher education across India and the Commonwealth.

The Partnership Agreement operationalises the Memorandum of Understanding (MoU) signed between BRAOU and the Commonwealth of Learning on 18 November 2025 in Hyderabad in the presence of the Hon'ble Chief Minister of Telangana, Shri A. Revanth Reddy. While the MoU laid the broad framework for collaboration, the new Agreement provides a detailed implementation roadmap with clearly defined work streams, institutional mechanisms, and measurable outcomes. Under the Agreement, BRAOU and COL will collaborate in three major areas:

1. **Digital Transformation:** COL will support BRAOU in developing a comprehensive Learning Technology Ecosystem Roadmap to strengthen its digital infrastructure, including the University's Learning Management System (LMS), digital courseware, Open Educational Resources (OER), e-Books, Digital Badges, BRAOU TV, Hi-BRAOU Digital Radio, learner support systems, and other technology-enabled platforms.
2. **Capacity Building:** The partnership will facilitate faculty development, leadership training, digital pedagogy, instructional design, micro-credential programmes, and capacity building for academic and administrative staff through joint training programmes and knowledge exchange.
3. **Artificial Intelligence in Education:** COL will collaborate with BRAOU in strengthening AI-enabled teaching and learning through the AI in Education Research Laboratory, collaborative research, faculty mentoring, internships, multilingual AI applications, and language translation technologies to enhance learner support and improve access to quality education.

COL–BRAOU Partnership Agreement signed at Commonwealth of Learning (COL) Headquarters, Vancouver, Canada

The University signed a historic Partnership Agreement establishing three workstreams — Capacity Building, Digitalisation, and Artificial Intelligence — governed through a Joint Management Committee and delivered via a 6×6 Partnership Model: six years of collaboration with joint reviews every six months, with the Commonwealth of Learning, established by Commonwealth Heads of Government in 1987 based at Vancouver, Canada.

The Agreement was signed at COL Headquarters, Vancouver, on 30 July 2026, by Professor Peter Scott, President and CEO of COL, and Prof. Ghanta Chakrapani, Vice-Chancellor of BRAOU, in the presence of senior colleagues from both institutions, including Dr. Venkata Raman Balaji and other members of the COL Leadership Team.

The Agreement operationalises the Memorandum of Understanding signed between the two institutions on 18 November 2025 in Hyderabad, paving the way for a consolidated six-year roadmap, and a prioritised TODO/action agenda with suggested owners and timelines for BRAOU's follow-up. Associated institutional visits to the University of British Columbia (UBC) and Vancouver Community College (VCC) were also a part of the visit.

The delegation, led by Prof. Ghanta Chakrapani, Vice-Chancellor, Dr. B. R. Ambedkar Open University, comprised Mr. Venkatesh Dhotre, IAS, Special Secretary for Higher Education, Government of Telangana; Prof. M. Kumar, Vice Chancellor, Osmania University; Prof. Rabindranath Solomon, Officer on Special Duty to the Vice-Chancellor, BRAOU and Director, Centre for Internal Quality Assurance (CIQA) BRAOU, Prof. Pallavi Kabde, Director, Skill Development and Vocational Training, BRAOU; and Dr. Yogita Rana, Principal Secretary for Higher Education, Government of Telangana who participated remotely.

The discussions also resulted in a proposal for a 6×6 Partnership Model, envisaging six years of sustained collaboration with progress reviews every six months, supported by defined work streams, designated institutional leads, expert teams, and a Joint Advisory Committee for strategic oversight and implementation.

Following three days of intensive deliberation, the fourth day of the visit was devoted to formalising the outcomes of those discussions into a binding Partnership Agreement between the Commonwealth of Learning (COL) and Dr. B. R. Ambedkar Open University (BRAOU).

The visit concluded with the signing of a Partnership Agreement by Prof. Ghanta Chakrapani and Prof. Peter Scott, advancing the November 2025 MoU and identifying specific work streams for collaboration. The discussions focused on translating the existing MoU into a structured, long-term and outcome-oriented programme of collaboration, particularly in digital and open education, faculty capacity building, Artificial Intelligence, digital platforms, skills and vocational education, Open Educational Resources, and research and scholarly publications.

Prof. Kumar Molugaram, Vice-Chancellor, Osmania University, Prof. Rabindranath Solomon, Prof. Pallavi Kabde, and senior officials of the Commonwealth of Learning were presented at the MoU signing ceremony.

TRANSPARENCY WAS LACKING IN THE "SIR" CIVIL SOCIETY MUST QUESTION IT : Dr. Parakala Prabhakar, Economic and Social Analyst

*** In the past, voters used to choose rulers, now rulers decide on voters : Prof. Ghanta Chakrapani**

*** BRAOU organized former PM P.V. Narasimha Rao Memorial lecture**

BRAOU, July 2, 2026: Dr. Parakala Prabhakar, a renowned economic and social analyst and author, called on civil society and intellectuals to question the lack of transparency, accountability issues, and policy flaws in the special extensive revision of the voter list (SIR). Dr. B.R. Ambedkar Open University organized former Prime Minister and Bharat Ratna awardee Shri P.V. Narasimha Rao Memorial Lecture to commemorate the 105th birth anniversary at its campus on Thursday. Dr. Parakala Prabhakar attended as chief guest and delivered a lecture on 'SIR 2025-26: Is it diluting the essence of India?'. Dr. Parakala Prabhakar recalled his close association with Bharat Ratna Sri P.V. Narasimha Rao. He described having the opportunity to observe PV up close, one of the great leaders of modern India, as an 'undeserved fortune.' He began his speech expressing concern about the state of democratic freedoms, especially freedom of speech and discussions related to education. He expressed the wish for extensive discussion on recent policy decisions taken by the central government, such as the central government's circular on Vande Mataram and the setting up of a high-level committee on population changes. While mentioning the need to maintain accurate voter lists in the special extensive revision (SIR) of voter lists, he pointed out that there was a lack of transparency in this process. Even though the process has been completed in various states across the country, unanswered questions remain, and the elections in those states are also over. Dr. Prabhakar argued that in some states, hundreds of thousands of voters have been removed from the lists, and when asked about it, there's no one giving a proper answer. He said that the current voter list (SIR) is significantly different compared to the extensive revisions made in 2002. Pointing out statistics suggesting that a large number of voters have been removed from the voter lists in many states, he emphasized the need to carefully examine these trends. He revealed that this process is likely to have a big impact on minorities, Dalits, tribals, women, daily laborers, and economically weaker sections, who are also the groups losing the most votes in these states. He mentioned that there's no need to conduct the SIR in the two Telugu states right now since there's still plenty of time before the elections. Dr. Prabhakar clarified that there's no evidence for claims that illegal migrants were identified through the SIR process. He warned that removing voters in large numbers from the voter lists could result in many eligible citizens losing their voting rights. Intellectuals in society have called on the authorities to wake up and warned that even if their votes are just one less than the

number of elderly in the state, they shouldn't ignore it. He explained that there are suspicions here that the Central Election Commission has lost accountability, and when RTI ACT requests are made for the related files on SIR policy decisions, the response given is that no documents are available. They called for more transparency and widespread public discussion on policy decisions to safeguard democratic values. Dr. Parakala Prabhakar suggested that intellectuals should act in this direction.

Prof. Ghanta Chakrapani, Vice Chancellor preside over the program. Prof.Chakrapani said that a transparent and accurate voters' list is the foundation for protecting and strengthening democracy. He mentioned that removing votes under the name SIR goes against democracy and the ideas of Dr. Ambedkar as a statesman. He added that a hundred years ago, Dr. Ambedkar had proposed and included in the Constitution the principle of one vote for every adult from all communities in the country to prevent such risks. He expressed concern that in the past, voters used to choose leaders, which was democracy, but now leaders are deciding who qualifies as voters, which is not a good development. He revealed that at Dr. B.R.

Ambedkar Open University, they proudly uphold democratic values by providing equal opportunities for everyone to pursue higher education.

MLC Surabhi Vani Devi, who participated as a chief guest at the program, mentioned that Bharat Ratna P.V. Narasimha Rao was a versatile genius and that his remarkable leadership, intellect, and political acumen left an indelible mark on the country. She explained that her father P.V. tirelessly worked throughout his public life, upholding values like equality, progress, and social justice, for the welfare and comprehensive development of all sections of society.

Professor G. Pushpa Chakrapani, Director (Academic), who also attended the program as a chief guest, welcomed the gathering and elaborated that Bharat Ratna P.V. Narasimha Rao's farsighted leadership and political acumen served as a guiding force for national development. He added that organizing special discussion programs to commemorate the birth anniversaries of great leaders would be beneficial for future generations. Expressing gratitude to the chief guest, dignitaries, faculty team, students, and media representatives who made the event successful, Registrar Dr. L.V.K. Reddy offered his salutations.

AI SKILLS ARE SHAPING FUTURE CAREERS

: Dr. Srinivas Gujju, Senior Director of Intelligent Automation and Finance Transformation

*** AI doesn't take away jobs – having the skills creates jobs**

*** Awareness session at Ambedkar University on 'Artificial Intelligence – Responsible Use'**

BRAOU, July 10, 2026 : Dr. B.R. Ambedkar Open University conducted an awareness program on 'Responsible Usage of Artificial Intelligence' on Friday. The university's Vice-Chancellor, Prof. Ghanta Chakrapani, attended the program as the chief guest. On this occasion, VC Prof. Ghanta Chakrapani mentioned that artificial intelligence (AI) has become essential in society, and university faculty should have a strong grip on AI so that they can teach students in a way they fully understand. Keeping this in mind, it was revealed that Ambedkar Open University has specifically set up AI labs. The VC suggested that faculty should adapt to market changes, acquire modern knowledge, and keep track of technological advancements to stay well-informed.

Dr. Srinivas Gujju, Senior Director of Intelligent Automation and Finance Transformation, who participated as the main speaker in the program, said that AI will not eliminate jobs, but will create more employment opportunities. He expressed that expert who learn to use AI effectively have good job and career prospects. He suggested that AI tools should be used only as assistants to get the expected results at lower cost and time and to improve productivity. After gaining knowledge, one should try developing AI agents independently. He explained that one should assess opportunities, create content, identify in-demand areas worldwide, and use human intelligence (AI) in those fields. He discussed in detail the differences between myths and facts about AI. He suggested that before relying heavily on AI-generated information, it should be carefully verified once again. Dr. Srinivas Gujju explained that teachers should use AI by combining well-designed lesson plans and structured learning experiences, and that it would be crucial for scholars in research.

The program was chaired by the University Academic Director and COEL Director, Prof. Pushpa Chakrapani. She spoke about how we should also adopt technology to match the changing modern conditions. She emphasized the growing importance of Artificial Intelligence (AI) and mentioned that AI should be used very carefully, in ways that benefit society. The program was attended by Registrar Dr. L. Vijay Krishna Reddy, Prof. Anand Pawar, VC OSD Prof. D. Ravindranath Solomon; Prof. Pallavi Kabde, AI technology expert Sushmana Rao, Prof. S.V. Rajashekar Reddy, Prof. Boju Srinivas, Prof. Krishna Reddy, Prof. Chandrakala, Prof. Mary Sunanda, directors, deans, heads of various departments, and university faculty staff

BUILDING AN INCLUSIVE FUTURE THROUGH e-EDUCATION

: Prof.Ghanta Chakrapani

· BRAOU Inaugurated ICT labs established with PM-USHA Funds.

BRAOU, July 20, 2026: Prof. Ghanta Chakrapani, Vice-Chancellor, Dr. B.R. Ambedkar Open University and Dr. Soundarya Joseph, State Project Officer, PM-USHA inaugurated the newly established "Information and Communication Technology" (ICT) labs at the administrative building at the Campus on Monday. Prof. Ghanta Chakrapani emphasized that, given the rapidly evolving modern technological landscape, faculty members must master ICT skills; only then can students in universities and colleges be equipped to compete effectively in the global market. He revealed that the ICT labs at Ambedkar Open University were established with financial assistance from PM-USHA precisely with this objective in mind. He noted that the inauguration of these state-of-the-art ICT labs marks another significant step towards strengthening digital education at the university. He explained that university faculty members need to embrace modern knowledge in line with market changes and master the latest innovations in their respective fields only then will they be able to effectively mold the students studying in their institutions into high-caliber individuals.

Distinguished Guest Dr.Soundarya Joseph, State Project Officer, PM-USHA said that Ambedkar University is moving forward with the goal of comprehensively integrating modern technology and Information and Communication Technology (ICT) into higher education. She noted that enhancing the faculty's ICT proficiency for digital teaching would ultimately benefit the students. She assured that the government would provide the necessary support for developing infrastructure and expanding technology as the university advances towards digital training and instruction.

The Guests of honour Prof. Pushpa Chaktrapani, Director COEL, BRAOU; Dr. L. Vijaya Krishna Reddy, Registrar, BRAOU; Prof. Pallavi Kabde, Coordinator, PM-USHA, BRAOU also spoke on the occasion. Prof. Rabindranath Solomon; Vasantha Rao, In-charge Computer Center; Prof.P.Venkata Ramana; Prof.Dayakar; Directors, Deans, teaching staff were presented.

FACULTY MEMBERS MUST ENHANCE THEIR SKILLS

: Prof.Ghanta Chakrapani

BRAOU organized seven day Faculty Development programme on **"Micro Credential Development"** for Telangana degree colleges faculty members

BRAOU, July 20, 2026: Dr. B.R. Ambedkar Open University, Centre for Staff Training and Development (CSTD) in collaboration with Centre for Online Education and Learning (COEL) organized a week-long Faculty Development Program (FDP) on **"Micro Credential Development"** from July 20 to 27 at the University campus. Prof. Ghanta Chakrapani, Vice-Chancellor, BRAOU attended as Chief Guest for the inaugural session. Prof. Chakrapani stated that the university designed the micro-credential development program with the aim of creating course material that is easy for students to comprehend and study, enabling them to grasp concepts through self-study. He noted that mastering micro-credentials developed by trained faculty would allow higher education students to enhance their skills in alignment with market demands, thereby improving their employability and job prospects. He also mentioned the inauguration of ICT labs equipped with advanced digital technology to support faculty development, explaining that these labs would serve as hubs for technology-enabled teaching and facilitate online and blended learning programs.

Prof.G.Pushpa Chakrapani, Director COEL preside over the function. While speaking on the occasion, she announced that initiatives such as Faculty Development Programs (FDP) including training on micro-credential development for degree college faculty and upcoming training on Artificial Intelligence (AI) for school teachers are being undertaken. She also mentioned that the necessary infrastructure for these training programs has been established with government support.

Prof.K.Sridevi, Director, Center for Staff Training and Development (CSTD) spoke about the significance of the seven-day training program. Prof. Pallavi Kabde, Coordinator, PM-USHA, BRAOU explain about the needs of the program and proposed the vote of thanks. Prof. Rabindranath Solomon; Vasantha Rao, In-charge Computer Center, OER expert Sushumna Rao, Prof. A.R.D. Prasad, Prof. Madhukar, Directors, Deans, teaching and faculty members from various degree colleges across Telangana, and others participated in the program

CINE ACTOR RAHUL RAMAKRISHNA JOINS IN AMBEDKAR OPEN UNIVERSITY DEGREE COURSE

BRAOU, July 09, 2026: Rahul Ramakrishna, the cinema actor famous for the movie 'Bharat Ane Nenu,' has taken admission into a degree course at Dr. B.R. Ambedkar Open University. On this occasion, actor Rahul Ramakrishna visited the university on Thursday. After completing the admission process, he respectfully met with Vice-Chancellor Prof. Ghanta Chakrapani. Later, VC Prof. Chakrapani congratulated Rahul and presented him with the B.A. course books. Speaking on the occasion, actor Ramakrishna said that Open University is a boon for those who could not complete higher education, those who cannot continue their studies due to financial problems and other issues. No matter how much money you earn or how much fame you gain, he said, education gives a person special recognition in the society. He mentioned that he had stopped studying engineering midway and has now returned to Ambedkar Open University. Recently, he mentioned that he was really impressed by the decisions taken by Prof. Ghanta Chakrapani, and praised how it provides free education to primitive tribal communities and transgender people, giving everyone equal opportunities.

VC Prof. Ghanta Chakrapani Congratulated actor Ramakrishna by handing over the Course Books

BRAOU VICE-CHANCELLOR PLANTED THE SAPLINGS
